

Name: _____

You are permitted to work in groups, get help from others, read books, and use the internet. Turn in the completed assignment on canvas, using instructions given to you by the grader, Mr. Heerdt, by 11:59 PM November 1.

3. Use the DFS method to find the strong components of the directed graph G shown below. Show the steps. The figure on the right is the same as G , but with the arrowheads removed. Use it to illustrate the second DFS search.

G
