Print only -- no cursive -- and use a pencil.

During pre-reading you should spend approximately 5-10 minutes prior to the lecture skimming sections and noting things that stand out such as section headings, bold and italicized words, pictures and graphs, and the first & last sentences of paragraphs.

Provide four questions that you think may either appear on an exam/quiz or might be addressed during the lecture related to the things you noted while pre-reading.

1.

2.

3.

4.

Considering the entire portion of the book that you pre-read, what are the major topics that it covered?
